Dear Sir:

In response to the Office Action of October 18, 2005, please amend this application as follows:

In the Claims:

- 1 1. (Currently Amended) An ~~mobile~~ alarm system component fixably located within a
2 passenger vehicle, the component comprising:
3 means fixably located within the passenger vehicle for wirelessly receiving
4 signals from an ~~mobile~~ alarm controller fixably located within the passenger
5 vehicle; and
6 means fixably located within the passenger vehicle for performing an alarm
7 indication function based on signals received from the ~~mobile~~ alarm controller.
- 1 2. (Currently Amended) The ~~mobile~~ alarm system component of claim 21, wherein
2 the means for performing an alarm indication function includes means for
3 performing an alarm indication function when a signal has not been received from
4 the ~~mobile~~ alarm controller for a predetermined time interval.
